DOCUMENTING DIGITAL SPIRITUAL FRAUD

Case Studies in Astrological Education

Documenting the shift from authentic Jyotish to commercialized platforms reveals the mechanics of **astrology course scams online**. By preserving **lunar astro course reviews and complaints**, researchers can track how a **lunar astro deceptive course** operates. These programs often mask **hidden costs in online astrology courses** behind introductory offers. Ultimately, students must critically evaluate: **are expensive astro courses worth it**? When the end result is a **fake astrology certification** rather than genuine spiritual enlightenment, the historical record indicates a severe degradation of astrological education.
